Series 1200 Pole Camera

Affordable and compact, telescopic video system designed for applications where temporary, flexible monitoring is required. The Salient Manufacturing Series 1200 Pole Camera has a detachable monitor with a Velcro hand strap. Video monitor utilizes either alkaline or lithium batteries. Camera utilizes a rechargeable NiHM pack. The day-color/night clean image CCD camera automatically adjusts for daylight and ambient light source conditions. Extension cable allows for remote video surveillance and a standard video out jack enables the user to record video for evidence purposes. Retractable ceiling Tile Ram Bar gives added versatility to the user by lifting ceiling tiles so the camera angle remains in a static position. The lightweight fiberglass telescoping extension pole enables a 5.5 ft. (167.64 cm) person to view approximately a height of 12 feet (365.76 cm). Run time on fully charged batteries is approximately 4 hours. 1 year limited warranty.

Features: Monitor: 4.00" (10.16 cm) LCD Color Thin Film Transistor Monitor.

Shipping Case: Storm 3100 Black rugged storage case with wheels.
Weight: Approximate 7 lbs. (3.17 kgs.).

The Portable Distractor

The Portable Distractor allows Tactical Units to conduct glass breach procedures and deployment of diversionary devices where height poses inaccessibility. A "quick action" safety pull mechanism permits deployment and the adjustable clamp will accommodate CTS 7290 and the DEF-TECH 25. The device holder is stationary, eliminating flying spent devices.

Features: Length: 80" (203.20 cm) collapsed. 13 ft (396.24 cm) extension,
Weight: 9 lbs (4.08 kgs.) (without diversionary device),
Steel rake (detachable), Quick action pull system,
Safety handle to ensure non deployment until user ready.
