Illumiglow Mini Range

1.5inch (3.8cm) Colours | 4hr ●●●● | 3hr ●●●●

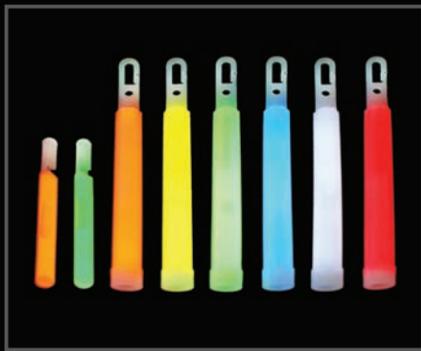

Ideal for marking items in a crime scene and marking a breadcrumb trail.

2inch (5.08cm) Colours | 4hr ●●●●

Slightly larger alternative to the 1.5inch.

3inch (7.6cm) Colours | 4hr ●●●●

Designed to mark and identify personnel and to illuminate instruments in a cockpit.

Illumiglow Extreme Range

4inch (10.2cm) Colours | 6hr ●●●● | 8hr ●●●●

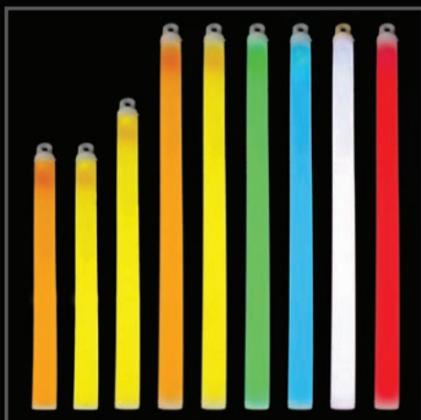

Works in many situations and ideal when space or concealment is a major factor.

6inch (15.2cm) Colours | 12hr ●●●● | 8hr ●●●● | 3hr ●●●● | 30m ●●●● | 5m ●●●●

The most popular size stick in our entire range, uses are limitless.

7.5inch Safety Wrist Bands (19.05cm)

Colours | 4-6hr ●●●● | 3hr ●●●●

Illumiglow Wand Range

10inch (25.4cm) Colours | 2hr ●●●●

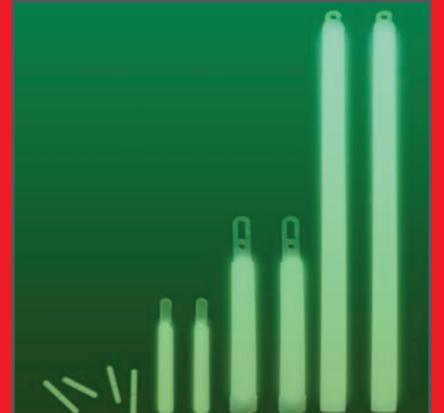

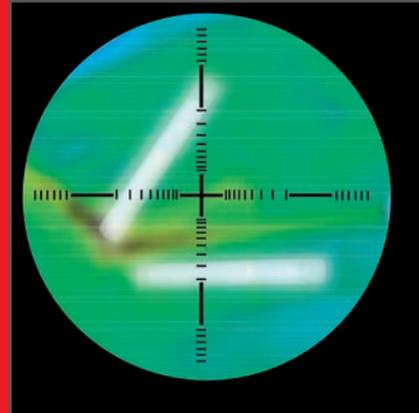

Designed for marking areas whether it is for marking hazardous areas or safe areas.

15inch (38.1cm) Colours | 12hr ●●●● | 8hr ●●●● | 3hr ●●●●

This produces more light than any other stick, ideal for many uses including room lighting.

15inch 2 Ring (38.1cm) Colours | 12hr ●●●● | 8hr ●●●● | 3hr ●●●● | 5m ●●●●

Designed to self activate when hit or dropped, this product has 2 rings for firm attachment and heavily used with air drops.

Illumiglow Stealth Range

Our Stealth Range is unbeatable when covert light is needed; their uses are wide due to the versatility of the product and the shapes and sizes they are available in. These products are only available through a small number of specialist international distributors.

Products available in the Stealth Range include the **1.5inch***, **4inch**, **7.5inch**, **6inch** and **15inch** Sticks and the new patented **Thermiglow Combat ID**.

NEW

Accessories Range

Light Handle – solid PVC plastic handle for 6, 10 and 15inch Illumiglow light sticks (grey).

Tactical Shield – Designed to extinguish the light and to allow for a one direction glow. Made from strong PVC plastic (mil Green) with a robust clip for attaching to MOLLE equipment.

Magnetic Base – Designed for simple and effective attachment to any metal surface

SOS Signal Light Holder - The Signal Light holder has been designed to house an Illumiglow 6inch light stick in a hard protective cylinder carry case with a 22-inch lanyard attached. Designed to produce large circular illumination for emergency rescue or Heli guidance.
